OFFICE OF PETITIONS

In re Patent No. 7,220,774 :
Albert et al. :
Issue Date: May 22, 2007 : LETTER REGARDING
Application No. 10/660,442 : PATENT TERM ADJUSTMENT
Filed: September 11, 2003 :
Atty Docket No. 31625B :

This is in response to the "COMMUNICATION REGARDING PATENT TERM ADJUSTMENT" filed January 3, 2007, notifying the Office of an error in Applicants' favor in the initial determination of patent term adjustment under 35 U.S.C. § 154(b). Applicants note that the correct initial patent term adjustment indicated in the Notice of Allowance should be zero (0) days.

The request for correction of the initial determination of patent term adjustment (PTA) is **GRANTED**. The determination of PTA at the time of the mailing of the Notice of Allowance is **ZERO (0)** days.

Prior to a decision being rendered, the application matured into a patent with a revised patent term adjustment of ninety-eight (98) days. For the reasons stated herein, the patent term adjustment indicated in the patent is to be corrected by issuance of a certificate of correction showing a revised Patent Term Adjustment of **EIGHTEEN (18)** days.

On November 24, 2006, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment to date is 104 days. Applicants disclose that the Office failed to enter a period of reduction, pursuant to 37 CFR 1.704(c)(7), of 115 days associated with the filing of an

amendment on November 28, 2005 to correct an omission in an amendment filed August 5, 2005.

Applicants are correct. Pursuant to § 1.704(c)(7), a period of reduction of 115 days has been entered.

Furthermore, a review of the record reveals that a period of reduction, pursuant to 37 CFR 1.704(c)(10), of 23 days should have been entered in association with the filing of a petition to correct inventorship on February 7, 2007. This petition was filed after the mailing of the Notice of Allowance. The Office responded with a decision on March 1, 2007. Accordingly, the period of reduction is 23 days (beginning on February 7, 2007 and ending on March 1, 2007).

However, a review of the record also reveals that a period of reduction of 58 days was entered in association with the filing on January 3, 2007 of this candor letter. This reduction is improper. As stated in § 1.704(e):

Submission of an application for patent term adjustment under § 1.705(b) (with or without request under § 1.705(c) for reinstatement of reduced patent term adjustment) will not be considered a failure to engage in reasonable efforts to conclude prosecution (processing or examination) of the application under paragraph (c)(10) of this section.

In view thereof, the correct patent term adjustment at the time of the mailing of the notice of allowance is 0 days (201 days of Office delay reduced by 212 days of applicant delay).

After the mailing of the notice of allowance, an additional period of adjustment of 52 days accrued for the Office taking in excess of 3 years to issue the patent. Petitioner is reminded that if an application is entitled to an adjustment under 35 U.S.C. 154(b)(1)(B), the entire period during which the application was pending (except for periods excluded under 35 U.S.C. 154(b)(1)(B)(i)-(iii)), and not just the period beginning three years after the actual filing date of the application, is the period of delay under 35 U.S.C. 154(b)(1)(B) in determining whether periods of delay overlap under 35 U.S.C. 154(b)(2)(A). Thus, any days of delay for Office issuance of the patent more than 3 years after the filing date of the application, which overlap with the days of patent term adjustment accorded prior to the issuance of the patent will not result in any additional

patent term adjustment. See 35 U.S.C. 154(b)(1)(B), 35 U.S.C. 154(b)(2)(A), and 37 CFR § 1.703(f). See also Revision of Patent Term Extension and Patent Term Adjustment Provisions; Final Rule, 69 Fed. Reg. 21704 (April 22, 2004). In this instance, the patent issued 3 years and 253 days after the filing date. However, 201 days overlapped so an additional period of 52 days, not 253 days, was entered.

Given the additional period of reduction of 23 days, discussed above, the patent should have issued with a revised patent term adjustment of 18 days $(201 + 52) - (212 + 23)$.

As this letter was submitted to advise the Office of an error in Applicants' favor, the Office will not assess the \$200.00 application fee under 37 CFR 1.705(b). The Office thanks Applicants for their good faith and candor in bringing this matter to the attention of the Office.

The application file is being forwarded to the Certificates of Correction Branch for issuance of a certificate of correction in order to rectify this error. The Office will issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by **eighteen (18)** days.

Telephone inquiries specific to this letter should be directed to the undersigned at (571) 272-3219.
